what to pack for INTRODUCKTION

☐ Your confirmation letter and parking pass.
If you haven’t received a confirmation letter and parking pass in the mail within ten business days, please give us a call.

☐ Your health insurance card.
You’ll be able to sign up for and get more information on the UO’s health center, and will need your health insurance card to do so.

☐ Copies of your Advanced Placement scores.
If you have them available, it’s a great idea to bring these just in case the university hasn’t received your scores yet.

☐ Your UO evaluation report.
If you have any college credit from a previous institution, you’ll need to bring this report.

☐ A water bottle.
A water bottle is absolutely necessary. Yes, it gets hot in the summer, and disposable plastic water bottles are the enemy. If you can bring a fan for overnight, that helps with the heat, too.

☐ A variety of clothing.
Be sure to bring clothes for a variety of weather. If you’re attending a two-day session, bring workout clothes for games & activities. If you’re a runner, bring your running shoes. You can take a running tour.

☐ Toiletries and personal essentials.
For two-day sessions, don’t forget toiletries and personal essentials. We’ll provide blankets, pillows and towels.

☐ Spending money.
You’ll be on your own for lunch on the second day of two-day sessions.

☐ Your questions.
IntroDUCKtion is an opportunity to learn about your university from the people who know it best – professional staff, professors, and current students. Be ready for honest answers.
